**THOROUGHCLEAN**  
WATER BLASTERS Over-engineered — On purpose

## COMPANY PROFILE

### A proud tradition of building top-quality high pressure cleaners / washers

Since 1984, ThoroughClean has specialised in designing and building the toughest and most robust high-pressure water cleaning equipment on the market.

Our pressure washers are well known, respected and widely used by equipment hire companies, truck wash bays, professional contractors, mining companies, industrial workshops, various companies cleaning heavy industrial equipment and many others across the country as well as offshore.

Over the years, we worked tirelessly to design and construct super-duty, long-life and fully rebuildable pressure cleaners. In doing so, we placed particular emphasis on low running costs, easy maintenance, and long-term serviceability.

We also design specialised heavy-duty pressure cleaners to solve very specific customer needs.

At ThoroughClean, we are over-engineering our pressure cleaners — on purpose. Why? To ensure your investment is a good one and that it will last long after all others have failed you.

Every ThoroughClean pressure cleaner is backed by our promise that it has been “over-engineered — on purpose!” With this philosophy firmly in mind, we continue to manufacture small to medium volume runs of standard and customised machines.

Working in our modern new manufacturing facility, we use heavy industrial and high quality robust motors, engines, pumps, frames and parts, CAD drawings for precision, and ERP System for quality control, to produce durable and hard working pressure cleaners that will withstand the toughest conditions. As a result, we have pressure cleaning equipment still working in the field after more than 20 years.

ThoroughClean are the exclusive Australian distributors for HAWK and are an authorised OEM for Honda, Yanmar, Kohler, Perkins, Kubota, Hatz, WEG and Davey.

## TRAINING

Training is required under AS/NZ 4233.1 for any person undertaking work with a Class A or Class B hydro jetting system. The majority of all pressure cleaners within the industrial workplace fall within Class A, as can be seen from the graph.

We have released an online training platform, **free of charge** to all of our customers, which provides the necessary training for Class A systems, and as it is online, it can be accessed using any web connected device (smartphone, tablet or PC).

If you have not yet received Class A training, please visit [www.training.thoroughclean.com.au](http://www.training.thoroughclean.com.au) and register or contact us to find out about our class room training options for Class B training.

Operators must be trained before Operating Class A & Class B Hydro Jetting Systems

# ELECTRIC PORTABLE BLASTERS

### TYPICAL USERS

- 4WD Enthusiasts
- Mechanics
- Car Detailers
- Transport Companies
- Butchers
- Anywhere with 240V or 415V electricity

**THOROUGHCLEAN**  
WATER BLASTERS Over-engineered — On purpose

## COLD ELECTRIC

### E3R-22C

**RANGE** Rental Spec.  
**ELECTRIC** 3 HP (2.2kW) 240 Volt – Cold  
**1100 PSI** @ 10 Amp draw or  
**1500 PSI** @ 13 Amp draw  
**11 LPM** Flow – (2200 PSI pump)

#### MOTOR AND PUMP

- Italian Heavy Duty, class 'H' wound, single-phase electric motor
- HAWK** Triplex Pump HD1115 with brass head & ceramic pistons
- Low speed pump at 1450 RPM

#### FRAME

- Fully hot dipped galvanised steel frame

#### SUPPLY AND DELIVERY

- Large frame mounted industrial water filter
- 20m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 62 x 52 x 54 (cm)
- Weight: 58kg

### E15I-43C

**RANGE** Industrial Spec.  
**ELECTRIC** 15 HP (11kW) 415 Volt – Cold  
**3000** @ 19 Amp draw  
**18 LPM** Flow – (4350 PSI pump)

#### MOTOR AND PUMP

- Italian Heavy Duty, class 'F' wound, three-phase electric motor
- HAWK** XLT1830 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM
- DOL motor starter, in stainless steel control box
- Timed shutdown

#### FRAME

- Fully hot dipped galvanised steel frame
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

#### SUPPLY AND DELIVERY

- Large frame mounted industrial water filter
- Pneumatic accumulator to prevent pressure spikes & water hammering
- 20m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 95 x 80 x 80 (cm)
- Weight: 160kg

## COLD ELECTRIC

### E15R-43C

**RANGE** Rental Spec.  
**ELECTRIC** 15 HP (11kW) 415 Volt – Cold  
**3000** @ 19 Amp draw  
**18 LPM** Flow – (4350 PSI pump)

#### MOTOR AND PUMP

- Italian Heavy Duty, class 'F' wound, three-phase electric motor
- HAWK** XLT1830 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM
- DOL motor starter, in stainless steel control box
- Timed shutdown
- LubeBuddy** - An extra oil tank to keep pump well lubricated

#### FRAME

- Fully hot dipped galvanised steel frame
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

#### SUPPLY AND DELIVERY

- Large frame mounted industrial water filter
- Pneumatic accumulator to prevent pressure spikes & water hammering
- 20m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- AquaTech** - A pressurised break tank, fitted with low water level auto shutdown
- Built-in heavy duty, galvanised hose reel with 30m double wire HP hose
- Size: 95 x 80 x 80 (cm)
- Weight: 180kg

## HOT WATER ELECTRIC E3R-22H

### MOTOR AND PUMP

- Italian Heavy Duty, class 'H' wound, single-phase electric motor
- **HAWK** NHD1015 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM
- *LubeBuddy* - An extra oil tank to keep pump well lubricated

### FRAME

- Fully hot dipped galvanised steel frame
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

### BOILER / BURNER

- Heavy duty horizontal diesel boiler, set to 70°C

### SUPPLY AND DELIVERY

- Extra large frame mounted industrial water filter
- *AquaTech* - A stainless steel water break tank, fitted with low water level auto shutdown
- Built-in heavy duty, galvanised hose reel with 30m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 130 x 85 x 105 (cm)
- Weight: 270kg

**RANGE** Rental Spec.  
**ELECTRIC** 3 HP (2.2kW) 240 Volt – **Hot**  
**1000 PSI** @ 10 Amp draw  
**10 LPM** Flow – (2200 PSI pump)

## E5R-30H

Same features as the E3R-22H but with a larger motor and pump

- Italian Heavy Duty, class 'H' wound, three-phase electric motor
- **HAWK** NMT1220 Triplex Pump with brass head & ceramic pistons
- Size: 130 x 85 x 105 (cm)
- Weight: 280kg

**RANGE** Rental Spec.  
**ELECTRIC** 5.5 HP (4kW) 415 Volt – **Hot**  
**2300 PSI** @ 8 Amp draw  
**12.5 LPM** Flow – (3000 PSI pump)

## E10R-36H

Same features as the E3R-30H but with a larger motor and pump

- Italian Heavy Duty, class 'H' wound, three-phase electric motor
- **HAWK** NMT1825 Triplex Pump with brass head & ceramic pistons
- Size: 130 x 85 x 105 (cm)
- Weight: 310kg

**RANGE** Rental Spec.  
**ELECTRIC** 10 HP (7.5kW) 415 Volt – **Hot**  
**2800 PSI** @ 13 Amp draw  
**18 LPM** Flow – (3625 PSI pump)

# PETROL PORTABLE BLASTERS

### TYPICAL USERS

- Boat Yards / Slipways / Port Authorities
- Cleaning Contractors
- Rental Companies
- Car Yards
- Roof Cleaners
- Anywhere outdoors where electricity sources are not readily available and diesel is not required. (Cheaper than diesel units)

**THOROUGHCLEAN**  
WATER BLASTERS *Over-engineered — On purpose*

# COLD PETROL 6 HP

## P6I-17C

**RANGE** Rental Spec.  
**HONDA PETROL** 6.5 HP Class – Recoil Start – Cold  
**2000 PSI** (1750 PSI pump)  
**12 LPM** Flow

### ENGINE AND PUMP

- Genuine Honda GX200 recoil start engine
- **HAWK** NHD1215 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox

### FRAME

- Fully hot dipped galvanised steel frame

### SUPPLY AND DELIVERY

- Large frame mounted industrial water filter
- 20m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 62 x 59 x 54 (cm)
- Weight: 58kg

## P6R-17C

**RANGE** Rental Spec.  
**HONDA PETROL** 6.5 HP Class – Recoil Start – Cold  
**2000 PSI** (1750 PSI pump)  
**12 LPM** Flow

### ENGINE AND PUMP

- Genuine Honda GX200 recoil start engine
- **HAWK** NHD1215 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox

### FRAME

- Fully hot dipped galvanised steel frame

### SUPPLY AND DELIVERY

- Large frame mounted industrial water filter
- 20m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 62 x 59 x 54 (cm)
- Weight: 58kg

# COLD PETROL 13 HP

3 Models Available

## P13C-36C

**RANGE** Commercial Spec.  
**HONDA PETROL** 13 HP Class – Recoil Start – Cold  
**3500 PSI** (3625 PSI pump)  
**17 LPM** Flow

### ENGINE AND PUMP

- Genuine Honda GX390 recoil start engine
- **HAWK** NPM1725 Triplex Pump with brass head & ceramic pistons
- Direct Drive, high speed pump

### FRAME

- Fully hot dipped galvanised steel frame
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

### SUPPLY AND DELIVERY

- Frame mounted industrial water filter
- 20m double wire HP hose
- **HAWK** VBA by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 95 x 80 x 80 (cm)
- Weight: 115kg

## P13I-36C

**RANGE** Industrial Spec.  
**HONDA PETROL** 13 HP Class – Recoil Start – Cold  
**3000 PSI** (3625 PSI pump)  
**18 LPM** Flow

Same as the P13C-36C with the following differences

- **HAWK** NPM1825 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- Soft acting, frame mounted by-pass valve
- Size: 95 x 80 x 80 (cm)
- Weight: 120kg

## P13R-36C

**RANGE** Rental Spec.  
**HONDA PETROL** 13 HP Class – Recoil Start – Cold  
**3000 PSI** (3625 PSI pump)  
**18 LPM** Flow

Same machine as the P13I-36C with the following added features

- **LubeBuddy** - An extra oil tank to keep pump well lubricated
- **AquaTech** - A pressurised break tank, fitted with low water level auto shutdown
- Built-in heavy duty, galvanised hose reel with 30m double wire HP hose
- Size: 95 x 80 x 80 (cm)
- Weight: 148kg

Electric Start Model Also Available

# Featured Machine

## HOT PETROL 13 HP

### P13R-36H

**RANGE** Rental Spec.  
**HONDA PETROL** 13 HP Class – Electric Start – **Hot**  
**3000 PSI** (3625 PSI pump)  
**18 LPM** Flow

#### ENGINE AND PUMP

- Genuine Honda GX390 electric start engine
- **HAWK** NPM1825 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- *LubeBuddy* - An extra oil tank to keep pump well lubricated

#### FRAME

- Fully hot dipped galvanised steel frame
- Stainless steel 23 litre fuel tank
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

#### BOILER / BURNER

- Heavy duty horizontal diesel boiler, set to 70°C

#### SUPPLY AND DELIVERY

- Extra large frame mounted industrial water filter
- Built-in heavy duty, galvanised hose reel with 30m double wire HP hose
- *AquaTech* - A stainless steel water break tank, fitted with low water level auto shutdown
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- Size: 135 x 85 x 110 (cm)
- Weight: 350kg

## COLD PETROL 20 HP (4350 PSI PUMP)

2 Models Available

### P20I-43C

**RANGE** Industrial Spec.  
**HONDA PETROL** 20 HP Class Electric Start – **Cold**  
**3500 PSI** (4350 PSI pump)  
**18 LPM** Flow

#### ENGINE AND PUMP

- Genuine Honda V-twin GX630 electric start engine
- **HAWK** XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox

#### FRAME

- Fully hot dipped galvanised steel frame
- Stainless steel 23 litre fuel tank
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

#### SUPPLY AND DELIVERY

- Extra large frame mounted industrial water filter
- 20m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 125 x 85 x 95 (cm)
- Weight: 160kg

### P20R-43C

**RANGE** Rental Spec.  
**HONDA PETROL** 20 HP Class Electric Start – **Cold**  
**3500 PSI** (4350 PSI pump)  
**18 LPM** Flow

Same machine as the P20I-43C with the following added features

- *LubeBuddy* - An extra oil tank to keep pump well lubricated
- *AquaTech* - A stainless steel water break tank, fitted with low water level auto shutdown
- Built-in heavy duty, galvanised hose reel with 30m double wire HP hose
- Size: 125 x 85 x 95 (cm)
- Weight: 187kg

# COLD PETROL 20 HP (5000 PSI PUMP)

2 Models Available

## P20I-50C

### ENGINE AND PUMP

- Genuine Honda V-twin GX690 electric start engine
- **HAWK** PXi1735 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox

### FRAME

- Fully hot dipped galvanised steel frame
- Stainless steel 23 litre fuel tank
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

### SUPPLY AND DELIVERY

- Extra large frame mounted industrial water filter
- 20m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 106 x 80 x 83 (cm)
- Weight: 160kg

**RANGE** Industrial Spec.  
**HONDA PETROL** 20 HP Class Electric Start – Cold  
**4500 – 5000 PSI** (5000 PSI pump)  
**17 LPM** Flow

## P20R-50C

**RANGE** Rental Spec.  
**HONDA PETROL** 20 HP Class Electric Start – Cold  
**4500 – 5000 PSI** (5000 PSI pump)  
**17 LPM** Flow

Same machine as the P20I-50C with the following added features

- **LubeBuddy** - An extra oil tank to keep pump well lubricated
- **AquaTech** - A stainless steel water break tank, fitted with low water level auto shutdown
- Built-in heavy duty, galvanised hose reel with 30m double wire HP hose
- Size: 125 x 85 x 95 (cm)
- Weight: 187kg

**CLASS B SAFETY EQUIPMENT AND TRAINING ARE A REQUIREMENT FOR THESE MODELS**

# PETROL TRAILER & SKID BLASTERS

### TYPICAL USERS

- Rental Companies
- Cleaning Contractors
- Roof Cleaners
- Painting Contractors
- Drain Cleaners
- Council Street / Parking Lot Cleaning
- Any mobile cleaning applications, where diesel is not required

**THOROUGHCLEAN**  
**WATER BLASTERS** Over-engineered — On purpose

# PETROL SKID 20 HP

## P20R-43C-BB

RANGE Rental Spec.

HONDA PETROL 20 HP Class – Electric Start – Cold

3500 PSI (4350 PSI pump)

22 LPM Flow

### ENGINE AND PUMP

- Genuine Honda V-twin GX630 electric start engine
- HAWK XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox

### FRAME

- Fully hot dipped galvanised steel frame, forkliftable
- Stainless steel 23 litre fuel tank
- Engine vibration mounted on separate sub-frame
- 1000 litre, white IBC water tank
- Four AS certified D-shackle lifting lugs

### SUPPLY AND DELIVERY

- Soft acting, frame mounted by-pass valve
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Size: 220 x 130 x 138 (cm)
- Weight: 350kg

## P20R-43H-BB

RANGE Rental Spec.

HONDA PETROL 20 HP Class Electric Start – Hot

3500 PSI (4350 PSI pump)

22 LPM Flow

Same machine as the P20R-43C-BB with the following added features

- Vertical boiler with ½" mild steel coils, set to 70°C
- Size: 220 x 130 x 138 (cm)
- Weight: 623kg

## P20R-43H-SKID

RANGE Rental Spec.

HONDA PETROL 20 HP Class Electric Start – Hot

3500 PSI (4350 PSI pump)

22 LPM Flow

### ENGINE AND PUMP

- Genuine Honda V-twin GX630 electric start engine
- HAWK XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox

### FRAME

- Fully hot dipped galvanised steel frame, forkliftable
- Stainless steel 23 litre fuel tank
- Engine vibration mounted on separate sub-frame
- Vertical boiler with ½" mild steel coils, set to 70°C

### SUPPLY AND DELIVERY

- Size: 133 x 71 x 146 (cm)
- Weight: 335kg

# COLD PETROL IBC TRAILER

2 Models Available

## P13R-36C-T

RANGE Rental Spec.

HONDA PETROL 13 HP Class – Recoil Start – Cold

3000 PSI (3625 PSI pump)

18 LPM Flow

### ENGINE AND PUMP

- Genuine Honda GX390 recoil start engine
- HAWK NPM1825 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- LubeBuddy - An extra oil tank to keep pump well lubricated

### FRAME

- Heavy Duty 4x4 style, fully hot dipped galvanised trailer
- Land Cruiser style wheels on 2-ton axle with spare wheel
- Mechanical disc brakes with manual hand brake
- LED side clearance lights
- Engine vibration mounted on separate sub-frame
- 1000 litre, white IBC water tank

### SUPPLY AND DELIVERY

- Double water intake to pump with dual filters
- Fitted with low water level auto shutdown
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- Size: 360 x 185 x 180 (cm)
- Weight: 600kg

## P20R-43C-T

RANGE Rental Spec.

HONDA PETROL 20 HP Class – Electric Start – Cold

3500 PSI (4350 PSI pump)

22 LPM Flow

Same features as the P13R-36C-T with the following differences

- Genuine Honda V-twin GX630 electric start engine
- HAWK XLT2230 Triplex Pump with brass head & ceramic pistons
- Stainless steel fuel tank (23 litres)
- Size: 360 x 185 x 180 (cm)
- Weight: 600kg

# PETROL POLY TRAILER 20 HP

2 Models Available

## P20R-43C-TO

**RANGE** Rental Spec.  
**HONDA PETROL** 20 HP Class – Electric Start – **Cold**  
**3500 PSI** (4350 PSI pump)  
**22 LPM** Flow

### ENGINE AND PUMP

- Genuine Honda V-twin GX630 electric start engine
- **HAWK** XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- *LubeBuddy* - An extra oil tank to keep pump well lubricated

### FRAME

- Heavy Duty 4x4 style, fully hot dipped galvanised trailer
- Land Cruiser style wheels on 2-ton axle with spare wheel
- Mechanical disc brakes with manual hand brake
- LED side clearance lights
- Engine vibration mounted on separate sub-frame
- Stainless steel fuel tank (23 litres)
- 1000 litre, red poly water tank

### SUPPLY AND DELIVERY

- Double water intake to pump with dual filters
- Fitted with low water level auto shutdown
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- Size: 410 x 185 x 180 (cm)
- Weight: 700kg

## P20R-43H-TO

**RANGE** Rental Spec.  
**HONDA PETROL** 20 HP Class – Electric Start – **Hot**  
**3500 PSI** (4350 PSI pump)  
**22 LPM** Flow

Same machine as the P20R-43C-TO with the following added features

- Vertical boiler with ½" mild steel coils, set to **70°C**
- Size: 410 x 185 x 180 (cm)
- Weight: 750kg

Popular Alternative to the Hot Water Diesel Trailer

# DIESEL PORTABLE BLASTERS

### TYPICAL USERS

- Construction Sites
- Equipment Cleaning
- Rental Companies
- Cleaning Contractors
- Painting Contractors
- Mine Sites (for models fitted with Mine Spec features)
- Any outdoor application where the durability of a diesel engine is required.
- Applications where alternative fuel sources are limited, such as in-service cleaning of road working equipment.

**THOROUGH CLEAN**  
**WATER BLASTERS** Over-engineered — On purpose

# COLD DIESEL 10 HP

## D10I-36C

### ENGINE AND PUMP

- Yanmar 10HP electric start air-cooled diesel engine
- **HAWK** NPM1525R Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox

### FRAME

- Fully hot dipped galvanised steel frame
- 'flat free' wheels for easy rolling over uneven surfaces

### SUPPLY AND DELIVERY

- 20m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 95 x 80 x 80 (cm)
- Weight: 157kg

**RANGE** Industrial Spec.

**YANMAR DIESEL** 10 HP – Electric Start – Cold

**3000 PSI** (3625 PSI pump)

**15 LPM** Flow

## D10R-36C

Same machine as the D10I-36C with the following added features

- Stainless steel control box with:
  - Push to start button
  - Hour meter
  - E-Stop
  - Engine and water fault lights
- **LubeBuddy** - An extra oil tank to keep pump well lubricated
- **AquaTech** - A pressurised break tank, fitted with low water level auto shutdown
- Built-in heavy duty, galvanised hose reel with 30m double wire HP hose
- Size: 95 x 80 x 80 (cm)
- Weight: 185kg

**RANGE** Rental Spec.

**YANMAR DIESEL** 10 HP – Electric Start – Cold

**3000 PSI** (3625 PSI pump)

**15 LPM** Flow

## D10M-36C

Same machine as the D10R-36C with the following added features

- **MINE Spec Compliant**
- Size: 95 x 80 x 80 (cm)
- Weight: 190kg

### MINE SPEC FEATURES:

- Exhaust spark arrestor
- Engine drip tray
- Lockable battery isolator
- Covered battery terminals

**RANGE** Mine Spec.

**YANMAR DIESEL** 10 HP – Electric Start – Cold

**3000 PSI** (3625 PSI pump)

**15 LPM** Flow

# COLD DIESEL 24 HP (MINE SPEC)

2 Models Available

## D24M-43C

**RANGE** Mine Spec.

**KOHLER DIESEL** 24 HP – Electric Start – Cold

**3400 PSI** (4350 PSI pump)

**22 LPM** Flow

### ENGINE AND PUMP

- Kohler 24 HP electric start air-cooled diesel engine
- **HAWK** XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- **LubeBuddy** - An extra oil tank to keep pump well lubricated

### FRAME

- Fully hot dipped galvanised steel frame
- Engine vibration mounted on separate sub-frame
- Stainless steel control box with hour meter & E-stop
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- **MINE Spec Compliant**
- Size: 125 x 85 x 95 (cm)
- Weight: 330kg

### MINE SPEC FEATURES:

- Emergency-stop
- Exhaust spark arrestor
- Engine drip tray
- Lockable battery isolator
- Covered battery terminals
- Double wire insulation

## D24M-50C

**RANGE** Mine Spec.

**KOHLER DIESEL** 24 HP – Electric Start – Cold

**4500 – 5000 PSI** (5000 PSI pump)

**21 LPM** Flow

Same features as the D24M-43C with the following differences

- **HAWK** PXi2135 Triplex Pump with brass head & ceramic pistons
- Higher rated fittings and components to handle the high pressures.
- Size: 125 x 85 x 95 (cm)
- Weight: 270kg

**CLASS B SAFETY EQUIPMENT AND TRAINING ARE A REQUIREMENT FOR THIS UNIT**

Non Mine Spec Versions Available for Both Models

# DIESEL TRAILER & SKID BLASTERS

## TYPICAL USERS

- Iron Mines
- Gold Mines
- Coal Mines (Non Ex Environments)
- Anywhere that doesn't allow the use of petrol engines.

## TYPICAL MINE SPEC FEATURES

- Emergency-Stop
  - Engine Drip Tray
  - Exhaust Spark Arrestor
  - Double Wire Insulation
- ### ON TRAILERS
- High Vis Tape
  - Painted Draw Bar
  - Wheel Nut Indicators
  - And Many More

**THOROUGHCLEAN**  
WATER BLASTERS Over-engineered — On purpose

## COLD DIESEL 10 HP (MINE SPEC SKID)

2 Models Available

### D10M-36C-SKID

**RANGE** Mine Spec.  
**YANMAR DIESEL** 10 HP – Electric Start – Cold  
**3000 PSI** (3625 PSI pump)  
**15 LPM** Flow

#### ENGINE AND PUMP

- Yanmar 10 HP electric start air-cooled diesel engine
- **HAWK** NPM1525R Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- *LubeBuddy* - An extra oil tank to keep pump well lubricated

#### FRAME

- Fully hot dipped galvanised steel frame, forkliftable
- Engine vibration mounted on separate sub-frame
- Stainless steel control box with hour meter & E-stop

#### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- **MINE Spec Compliant**
- Size: 125 x 85 x 80 (cm)
- Weight: 220kg

#### MINE SPEC FEATURES:

- Emergency-stop
- Exhaust spark arrestor
- Engine drip tray
- Lockable battery isolator
- Covered battery terminals
- Double wire insulation

### D10M-36C-BB

**RANGE** Mine Spec.  
**YANMAR DIESEL** 10 HP – Electric Start – Cold  
**3000 PSI** (3625 PSI pump)  
**15 LPM** Flow

Same machine as the D10M-36C-SKID with the following differences

- 1000 litre, white IBC water tank
- Four AS certified D-shackle lifting lugs
- Double water intake to pump with dual filters
- Size: 220 x 130 x 138 (cm)
- Weight: 350kg

#### ADDITIONAL MINE SPEC FEATURES:

- 2kg Fire extinguisher
- High Vis tape all round
- Starter motor isolator
- Anderson type jump-start receptacle
- Certified lifting lugs

# DIESEL TRAILER & SKID BLASTERS

# HOT DIESEL 10 HP (MINE SPEC SKID)

2 Models Available

## D10M-36H-SKID

**RANGE** Mine Spec.  
**YANMAR DIESEL** 10 HP – Electric Start – **Hot**  
**2600 - 3000 PSI** (3625 PSI pump)  
**15 LPM** Flow

### ENGINE AND PUMP

- Yanmar 10 HP electric start air-cooled diesel engine
- **HAWK** NPM1525R Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- *LubeBuddy* - An extra oil tank to keep pump well lubricated

### BOILER / BURNER

- Vertical boiler with ½" mild steel coils, set to **70°C**

### FRAME

- Fully hot dipped galvanised steel frame, forkliftable
- Engine vibration mounted on separate sub-frame
- Stainless steel fuel tank to boiler (23 litres)
- Stainless steel control box with hour meter & E-stop

### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- **MINE Spec Compliant**
- Size: 133 x 71 x 146 (cm)
- Weight: 335kg

### MINE SPEC FEATURES:

- Emergency-stop
- Exhaust spark arrestor
- Lockable battery isolator
- Starter motor isolator
- Covered battery terminals
- Double wire insulation
- Anderson type jump-start receptacle

Non Mine Spec Version Also Available

## D10M-36H-BB

**RANGE** Mine Spec.  
**YANMAR DIESEL** 10 HP – Electric Start – **Hot**  
**2600 - 3000 PSI** (3625 PSI pump)  
**15 LPM** Flow

Same machine as the D10M-36H-SKID with the following differences

- 1000 litre, white IBC water tank
- Four AS certified D-shackle lifting lugs
- Double water intake to pump with dual filters
- Size: 220 x 130 x 138 (cm)
- Weight: 350kg

### ADDITIONAL MINE SPEC FEATURES:

- Engine drip tray
- High Vis tape all round
- Certified lifting lugs

# HOT DIESEL 24 HP (NON MINE SPEC SKID)

## D24R-43H-SKID

**RANGE** Rental Spec.  
**KOHLER DIESEL** 24 HP Class – Electric Start – **Hot**  
**3000 - 3600 PSI** (4350 PSI pump)  
**22 LPM** Flow

### ENGINE AND PUMP

- Kohler 24 HP electric start air-cooled diesel engine
- **HAWK** XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- *LubeBuddy* - An extra oil tank to keep pump well lubricated

### BOILER / BURNER

- **Super heavy duty** horizontal boiler with ½" mild steel coils, set to **70°C**

### FRAME

- Fully hot dipped galvanised steel frame, forkliftable
- Engine is vibration mounted on separate sub-frame
- Stainless steel control box with hour meter & E-stop
- 90 litre stainless steel fuel tank supplies engine & boiler

### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Thermoshield auto water dump valve
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- Size: 140 x 85 x 150 (cm)
- Weight: 535kg

# HOT DIESEL 24 HP (MINE SPEC SKID)

## D24M-43H-SKID

**RANGE** Mine Spec.  
**PERKINS DIESEL** 24 HP Class – Electric Start – **Hot**  
**3000 - 3600 PSI** (4350 PSI pump)  
**22 LPM** Flow

### ENGINE AND PUMP

- Perkins 24 HP Class electric start water-cooled diesel engine
- HAWK** XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- LubeBuddy** - An extra oil tank to keep pump well lubricated

### BOILER / BURNER

- Super heavy duty** horizontal boiler with ½" mild steel coils, set to **70°C**

### FRAME

- Fully hot dipped galvanised steel frame, forkliftable
- Engine is vibration mounted on separate sub-frame
- Stainless steel control box with hour meter & E-stop
- 90 litre (12-hr) Galvanised fuel tank supplies engine & boiler

### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Pneumatic accumulator to prevent pressure spikes & water hammering
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Thermoshield auto water dump valve
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- MINE Spec Compliant**
- Size: 120 x 120 x 140 (cm)
- Weight: 720kg

### AUTOMATIC ENGINE SHUT-DOWNS:

- Low water supply
- Low oil to pump
- Pump oil over temp
- Low fuel

### MINE SPEC FEATURES:

- Emergency-stop
- Exhaust spark arrestor
- Lockable battery isolator
- Covered battery terminals
- Double wire insulation

**SUPER  
HEAVY  
DUTY**

# COLD DIESEL 50 HP (MINE SPEC SKID)

## D50M-72C-SKID

**RANGE** Mine Spec.  
**PERKINS DIESEL** 50 HP Class – Electric Start – **Cold**  
**7000 PSI** (7250 PSI pump)  
**30 LPM** Flow

### ENGINE AND PUMP

- Perkins 50 HP Class electric start water-cooled diesel engine  
 Other engines available for this model.
- HAWK** HHP30 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1000 RPM, belt driven
- LubeBuddy** - An extra oil tank to keep pump well lubricated

### FRAME

- Fully hot dipped galvanised steel frame, forkliftable
- Engine is vibration mounted on separate sub-frame
- Stainless steel control box with hour meter & E-stop
- 90 litre (12-hr) Galvanised fuel tank supplies engine

### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Twin stainless steel water break tank, fitted with low water level auto shutdown
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Thermoshield auto water dump valve
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- MINE Spec Compliant**
- Size: 120 x 140 x 155 (cm)

### AUTOMATIC ENGINE SHUT-DOWNS:

- Low water supply
- Low oil to pump
- Low fuel

### MINE SPEC FEATURES:

- Emergency-stop
- Exhaust spark arrestor
- Lockable battery isolator
- Covered battery terminals
- Double wire insulation

**CLASS B SAFETY EQUIPMENT AND

# COLD DIESEL 10 HP (MINE SPEC TRAILER)

2 Single Axle Models Available

## D10M-36C-TO

**RANGE** Mine Spec.  
**YANMAR DIESEL** 10 HP – Electric Start – **Cold**  
**3000 PSI** (3625 PSI pump)  
**15 LPM** Flow

### ENGINE AND PUMP

- Yanmar 10 HP electric start air-cooled diesel engine
- **HAWK** NPM1525R Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- *LubeBuddy* - An extra oil tank to keep pump well lubricated

### FRAME

- Heavy Duty 4x4 style, fully hot dipped galvanised trailer
- Land Cruiser style wheels on 2-ton axle with spare wheel
- Mechanical disc brakes with manual hand brake
- LED side clearance lights
- Engine vibration mounted on separate sub-frame
- Stainless steel control box with hour meter & E-stop
- 1000 litre, red poly water tank

### SUPPLY AND DELIVERY

- Double water intake to pump with dual filters
- Fitted with low water level auto shutdown
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Stainless steel lance with professional gun
- **MINE Spec Compliant**
- Size: 410 x 185 x 180 (cm)
- Weight: 700kg

### MINE SPEC FEATURES:

- Emergency-stop
- Exhaust spark arrestor
- Engine drip tray
- 2kg Fire extinguisher
- High Vis tape all round
- Painted draw bar
- Wheel nut indicators
- Wheel chocks mounted
- Lockable battery isolator
- Starter motor isolator
- Covered battery terminals
- Double wire insulation
- Anderson type jump-start receptacle

## D10M-36C-T

**RANGE** Mine Spec.  
**YANMAR DIESEL** 10 HP – Electric Start – **Cold**

# ELECTRIC WASH-BAY BLASTERS

## TYPICAL USERS

- Quarantine Wash-bays
- Heavy Equipment Wash-bays
- Trucking Wash-bays
- Mine Site Wash-bays
- Transport Company Wash-bays
- Car Repair Centers

## NOTE:

- All wash-bays should have a WashMate
- The 'Rental Spec' range is designed for a 5 day, 8 hour duty cycle.
- The 'Mine Spec' range is designed for a 7 day, 24 hour duty cycle.

**THOROUGHCLEAN**  
WATER BLASTERS Over-engineered — On purpose

## WASHMATE 3R-22C (OLD WASHMATE-10)

**RANGE** Rental Spec.  
**ELECTRIC** 3 HP (2.2kW) 240 Volt – Cold  
**1100 - 1200 PSI** @ 10 Amp draw  
**1500 PSI** @ 13 Amp draw  
**11 LPM** Flow – (2200 PSI pump)

### MOTOR AND PUMP

- Italian Heavy Duty, class 'H' wound, single-phase electric motor
- **HAWK** HD1115 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM

### FRAME

- Fully hot dipped galvanised steel frame

### SUPPLY AND DELIVERY

- Frame mounted industrial water filter
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 52 x 47 x 120 (cm)
- Weight: 105kg

## WASHMATE 10R-36C (OLD WASHMATE-1)

**RANGE** Rental Spec.  
**ELECTRIC** 10 HP (7.5kW) 415 Volt – Cold  
**2800PSI** @ 13 Amp draw  
**18 LPM** Flow – (3000 PSI pump)

### MOTOR AND PUMP

- Italian Heavy Duty, class 'F' wound, three-phase electric motor
- **HAWK** NPM1825 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM
- *LubeBuddy* - An extra oil tank to keep pump well lubricated
- DOL motor starter, in control box

### FRAME

- Fully hot dipped galvanised steel frame
- Vibration mounted control box with hour meter

### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Pneumatic accumulator to prevent pressure spikes & water hammering
- Timed by-pass auto shutdown when not in use.
- Soft acting by-pass valve
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Stainless steel lance with professional gun
- Size: 68 x 57 x 150 (cm)
- Weight: 200kg

## WASHMATE 15R-43C (OLD WASHMATE-3)

**RANGE** Rental Spec.  
**ELECTRIC** 15 HP (11kW) 415 Volt – Cold  
**3000 PSI** @ 19 Amp draw  
**18 LPM** Flow – (4350 PSI pump)

### MOTOR AND PUMP

- Italian Heavy Duty, class 'F' wound, three-phase electric motor
- HAWK** XLT1830 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM
- LubeBuddy* - An extra oil tank to keep pump well lubricated
- DOL motor starter, in stainless steel control box

### FRAME

- Fully hot dipped galvanised steel frame
- Vibration mounted stainless steel control box with hour meter

### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Pneumatic accumulator to prevent pressure spikes & water hammering
- Timed by-pass auto shutdown when not in use.
- Soft acting by-pass valve
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Stainless steel lance with professional gun
- Size: 68 x 57 x 150 (cm)
- Weight: 230kg

## WASHMATE 10R-36H (OLD WASHMATE-15)

**RANGE** Rental Spec.  
**ELECTRIC** 10 HP (7.5kW) 415 Volt – Hot  
**2800 PSI** @ 13 Amp draw  
**18 LPM** Flow – (3625 PSI pump)

### MOTOR AND PUMP

- Italian Heavy Duty, class 'F' wound, three-phase electric motor
- HAWK** NPM1825 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM
- LubeBuddy* - An extra oil tank to keep pump well lubricated
- DOL motor starter, in stainless steel control box

### BOILER / BURNER

- Horizontal boiler with 1/2" mild steel coils, set to 70°C

### FRAME

- Fully hot dipped galvanised steel frame
- Vibration mounted stainless steel control box with hour meter

### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Pneumatic accumulator to prevent pressure spikes & water hammering
- Timed by-pass auto shutdown when not in use.
- Soft acting, frame mounted by-pass valve
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Stainless steel lance with professional gun
- Size: 115 x 65 x 150 (cm)
- Weight: 250kg

## WASHMATE 15M-43C (OLD WASHMATE-4)

**RANGE** Mine Spec.  
**ELECTRIC** 15 HP (11kW) 415 Volt – Cold  
**3400 PSI** @ 19 Amp draw  
**22 LPM** Flow – (4350 PSI pump)

### MOTOR AND PUMP

- WEG Heavy Duty, class 'H' wound, three-phase electric motor
- HAWK** XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM
- LubeBuddy* - An extra oil tank to keep pump well lubricated
- Star-Delta soft starter, in stainless steel control box

### FRAME

- Fully hot dipped galvanised steel frame
- Vibration mounted stainless steel control box with hour meter

### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Pneumatic accumulator to prevent pressure spikes & water hammering
- Timed by-pass auto shutdown when not in use.
- Soft acting by-pass valve
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Size: 120 x 80 x 140 (cm)
- Weight: 370kg

SUPER  
HEAVY  
DUTY

Designed and engineered to work 24/7 in extreme environments

## WASHMATE 15M-43H (OLD WASHMATE-5)

**RANGE** Mine Spec.  
**ELECTRIC** 15 HP (11kW) 415 Volt – Hot  
**3400 PSI** @ 19 Amp draw  
**22 LPM** Flow – (4350 PSI pump)

### MOTOR AND PUMP

- WEG Heavy Duty, class 'H' wound, three-phase electric motor
- HAWK** XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM
- LubeBuddy* - An extra oil tank to keep pump well lubricated
- Star-Delta soft starter, in stainless steel control box

### BOILER / BURNER

- Super heavy duty** horizontal boiler with 1/2" mild steel coils, set to 70°C

### FRAME

- Fully hot dipped galvanised steel frame
- Vibration mounted stainless steel control box with hour meter

### SUPPLY AND DELIVERY

- Extra-large industrial dual water filters
- Timed by-pass auto shutdown when not in use.
- Water break tank, fitted with low water level auto shutdown
- Pneumatic accumulator to prevent pressure spikes & water hammering
- Soft acting by-pass valve
- Heavy duty, galvanised hose reel with 30m double wire HP hose
- Size: 120 x 80 x 170 (cm)
- Weight: 550kg

SUPER  
HEAVY  
DUTY

Designed and engineered to work 24/7 in extreme environments

# UNDER BODY WHEEL WASH

## TYPICAL USERS

- Weed and Seed Control
- Quarries
- Mine Sites
- Landfill Operations
- Construction Sites

**THOROUGH CLEAN**  
WATER BLASTERS Over-engineered — On purpose

## COLD WATER ELECTRIC

### WASHMATE 32R-8.5C-WW

**RANGE** Rental Spec.  
**ELECTRIC** 32 HP (24kW) 415 Volt  
**85 PSI** @ 40 Amp draw  
**1000 LPM** Flow  
**20 - 40 SEC** Cycle Time

#### MOTOR AND PUMP

- Heavy Duty, class 'F' wound, three-phase electric motor
- Submersible pump and motor unit
- Star-Delta soft starter, in double door control box

#### FRAME

- Double epoxy coated steel frame
- Low vibration frame rated to 25T per axle
- AS certified lifting lugs

#### SUPPLY AND DELIVERY

- 12 horizontal mounted nozzles each side at 600mm high
- 12 horizontal mounted nozzles each side at 950mm high
- 48 nozzles from below, cleaning under body
- 96 nozzles in total
- Size: 220 x 510 x 100 (cm) above ground
- Weight: 4000kg

#### OPTIONAL EXTRAS

- Fully hot dipped galvanised frame.
- Additional shaker grid.
- Steel pit for portable installation.
- Extended spray screens.
- Hydrocyclone solids separator.
- Traffic lights.
- Traffic signs.
- Electronic vehicle sensor to remotely activate the water sprays.
- Emergency stop button.
- Stainless steel control housing.

Flow Scheme of Hydrocyclone and Mode of Separation

#### UNIQUE FEATURES

- Fast and effective washing process.
- Washing starts automatically (no need for an operator).
- The wheel wash works effectively with passenger vehicles right up to heavy duty mining vehicles without adjustment.
- **Sludge Removal**, Automatic chain driven scraper conveyor system.

## UNDER BODY WHEEL WASH

# ULTRA HIGH PRESSURE BLASTERS

## TYPICAL USERS

- Ship Hull Cleaning (Blasting off Barnacles)
- Strip Epoxy Paint Back to Bare Metal
- Concrete Hydro Demolition
- Boiler Tube Cleaning

When ship hull cleaning, this unit is used instead of scraping + blasting with a 5000 PSI machine. It is able to do both jobs in a single pass.

**THOROUGH CLEAN**  
WATER BLASTERS Over-engineered — On purpose

## COLD DIESEL 160 HP (MINE SPEC)

### D160M-360C

**RANGE** Mine Spec.  
**AGCO SISU DIESEL** 160 HP – Water Cooled  
**36,000 PSI** (36,000 PSI pump)  
**25 LPM** Flow

#### ENGINE AND PUMP

- Finland made Agco Sisu 160 HP electric start water-cooled diesel engine
- Low speed engine at 1800 RPM
- Triplex carbide plunger pump with high tensile stainless steel head
- Extra low speed pump at 580 RPM
- 2 x 43,000 PSI safety rupture disks

#### FRAME

- Fully hot dipped galvanised frame & powder coated
- Forkliftable + 4 x AS certified lifting lugs
- Engine vibration mounted on separate sub-frame

#### SUPPLY AND DELIVERY

- Dual stainless steel industrial water filters
- 180 litre water break tank, fitted with low water level auto shutdown
- 20m UHP hose with stainless steel fittings
- Stainless steel lance with 40,000 PSI dump gun
- Ultra impact self-propelled rotating nozzle with 4 Sapphire jets with hydraulic brake
- **MINE Spec Compliant**
- Size: 225 x 95 x 130 (cm)
- Weight: 2000kg

#### MINE SPEC FEATURES:

- Frame mounted water tank with automatic low water level shut down.
- Emergency-Stop
- Exhaust spark arrestor - AS1019-2000 certified.
- Engine drip tray
- 2.5kg Fire extinguisher
- High visibility tape
- Lockable battery isolator
- Starter motor isolator
- Covered battery terminals
- Double wire insulation on all non-OEM wires
- Anderson type jump-start receptacle
- Designed to meet AS/NZS4233:2

Non Mine Spec Version Also Available

**CLASS B SAFETY EQUIPMENT AND TRAINING ARE A REQUIREMENT FOR THIS UNIT**

**ULTRA HIGH PRESSURE BLASTERS**

# HYDROSTATIC PORTABLE TESTERS

## TYPICAL USERS

- Fire Hose Testing
- Pipe Testing
- Vessel Testing

These units are used where it is a legal or contractual requirement to do pressure testing on installed pipes or vessels.

## NOTE:

- Most of our Pressure Testers can also function as Pressure Cleaners.
- Also, all of our Pressure Cleaners can be converted to have this dual function.

**THOROUGH CLEAN**  
WATER BLASTERS Over-engineered — On purpose

## E3R-15C-PT HYDROSTATIC TESTER

**RANGE** Rental Spec.  
**ELECTRIC** 3 HP (2.2kW) 240 Volt – Cold  
**300 PSI** @ 10 Amp draw  
**50 LPM** Flow – (2175 PSI pump)

### MOTOR AND PUMP

- Italian Heavy Duty, class 'H' wound, single-phase electric motor
- **HAWK** XLT5015 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM

### FRAME

- Fully hot dipped galvanised steel frame
- 4 fire hose testing ports

### SUPPLY AND DELIVERY

- Large industrial water filter
- Can test up to four hoses at once
- Pressure tester manifold with gauge and block valve
- Size: 62 x 52 x 70 (cm)
- Weight: 70kg

**Built for QLD Fire and Rescue Service**

## P6R-17C-PT HYDROSTATIC TESTER

**RANGE** Rental Spec.  
**HONDA PETROL** 6.5 HP Class Recoil Start – Cold  
**1500 PSI** (1750 PSI pump)  
**14 LPM** Flow

### ENGINE AND PUMP

- Genuine Honda GX200 recoil start engine
- **HAWK** NHD1215 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox

### FRAME

- Fully hot dipped galvanised steel frame

### SUPPLY AND DELIVERY

- Frame mounted industrial water filter
- 20m double wire HP hose
- Pressure tester manifold with dual gauges and block valve
- Adjustable valve (0 PSI – 1600 PSI)
- Size: 67 x 61 x 63 (cm)
- Weight: 65kg

# HYDROSTATIC PORTABLE TESTERS

# PETROL & DIESEL FIRE FIGHTERS

## TYPICAL USERS

- Skid - Mobile fire fighting, where unit can be fitted on to ute / truck.
- Trailers - Where mobility is important, just connect to any ute, truck or SUV.

**THOROUGH CLEAN**  
WATER BLASTERS Over-engineered — On purpose

## P6R-1.7-SF D7R-1.7-SF

### ENGINE AND PUMP

- Genuine Honda GX200 recoil start engine OR YANMAR L70N diesel, electric start engine
- DAVEY Fire Fighting Pump with twin impellers, self-priming

### FRAME

- Fully hot dipped galvanised steel frame, forkliftable
- 1000 litre, white IBC water tank

### SUPPLY AND DELIVERY

- 5 meters 1 1/2" pool/dam suction hose, with strainer
- Heavy duty, galvanised hose reel with 30m AS Certified fire fighting hose
- Size: 175 x 125 x 140 (cm)
- Weight: 350kg

**RANGE** Fire Fighting Skid  
**HONDA PETROL** 6.5 HP Class – Recoil Start OR  
**YANMAR DIESEL** 6.7 HP – Electric Start  
**165 PSI** Pump (1135 kPa)  
**400 LPM** Flow

## P6R-1.7-TF D7R-1.7-TF

Same machine as the P6R-1.7-SF & D7R-1.7-SF assembled on a trailer unit

### FRAME

- Heavy Duty 4x4 style, fully hot dipped galvanised trailer
- Mechanical disc brakes with manual hand brake
- Engine vibration mounted on separate sub-frame
- 1000 litre, white IBC water tank

### SUPPLY AND DELIVERY

- Size: 360 x 185 x 180 (cm)
- Weight: 600kg

**RANGE** Fire Fighting Trailer  
**HONDA PETROL** 6.5 HP Class – Recoil Start OR  
**YANMAR DIESEL** 6.7 HP – Electric Start  
**165 PSI** Pump (1135 kPa)  
**400 LPM** Flow

## P6R-1.7-TFO D7R-1.7-TFO

Same machine as the P6R-1.7-TF & D7R-1.7-TF with the following differences

### FRAME

- 1000 litre, red poly water tank

### SUPPLY AND DELIVERY

- Size: 410 x 185 x 180 (cm)
- Weight: 700kg

**RANGE** Fire Fighting Trailer  
**HONDA PETROL** 6.5 HP Class – Recoil Start OR  
**YANMAR DIESEL** 6.7 HP – Electric Start  
**165 PSI** Pump (1135 kPa)  
**400 LPM** Flow

# PETROL & DIESEL FIRE FIGHTERS

# HOT BOXES

## TYPICAL USERS

- Wash-bay users who want to degrease / sanitise with hot water
- Anyone needing to add hot water capabilities to their pressure cleaner
- A heavy duty high pressure boiler, specifically designed for use with our existing high pressure cleaner range (or other pressure cleaners).

**THOROUGH CLEAN**  
WATER BLASTERS Over-engineered — On purpose

## AC HOT BOX

**RANGE** 240V Diesel Boiler  
**ELECTRIC** 240V Driven, Diesel Fired Burner  
**4350 PSI** Rated Pressure  
**21 LPM** Rated Flow

### BOILER / BURNER

- Vertical boiler with ½" mild steel coils, set to 70°C

### FRAME

- Fully hot dipped galvanised steel frame
- Vibration mounted stainless steel control box
- Stainless steel fuel tank to boiler (23 litres)
- Exhaust canopy (not shown)

### SUPPLY AND DELIVERY

- Auto burner shut down controlled via float switch
- Oversized diesel fuel filter
- 2 x 3m connecting hoses with 3/8" M/F fittings
- Size: 80 x 60 x 120 (cm)
- Weight: 150kg

## DC HOT BOX

**RANGE** 12V Diesel Boiler  
**ELECTRIC** 12V Driven, Diesel Fired Burner  
**4350 PSI** Rated Pressure  
**21 LPM** Rated Flow

### BOILER / BURNER

- Vertical boiler with ½" mild steel coils, set to 70°C

### FRAME

- Fully hot dipped galvanised steel frame
- Vibration mounted stainless steel control box
- Stainless steel fuel tank to boiler (23 litres)
- Exhaust canopy

### SUPPLY AND DELIVERY

- Auto burner shut down controlled via float switch
- Oversized diesel fuel filter
- 2 x 3m connecting hoses with 3/8" M/F fittings
- Size: 80 x 50 x 110 (cm)
- Weight: 150kg

**HOT BOX**

# SPECIALISED BUILDS

## TYPICAL USERS

- Drain Cleaners
- Anyone cleaning large surface areas such as driveways, carparks and pathways

**THOROUGHCLEAN**  
WATER BLASTERS Over-engineered — On purpose

## JETTING MACHINE

Ideal for cleaning drains

### P27R-43C

#### ENGINE AND PUMP

- **HAWK** XLT2730 Triplex Pump rated at 4350 PSI max @ 27LPM
- Low speed pump at 1450 RPM with 2:1 gearbox

#### FRAME

- Fully hot dipped galvanised frame
- Engine vibration mounted on separate sub-frame
- Stainless steel 23 litre fuel tank.
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

#### SUPPLY AND DELIVERY

- Heavy duty pressure gauge
- Galvanised hose storage rack with 30m double wire HP Hose
- Size: 125 x 85 x 95 cm
- Weight: 187kg

**RANGE** Rental Spec.  
**VANGUARD PETROL** 27 HP- Electric Start – Cold  
**3000-4000 PSI** (4350 PSI pump)  
**27 LPM** Flow

## PETROL SURFACE CLEANER

Ideal for cleaning driveways and other large surface areas

### P13R-36C-RSC

#### ENGINE AND PUMP

- **HAWK** NMT1825 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox

#### FRAME

- Fully hot dipped galvanised frame
- Stair climbing wheel position (rear).
- Brake castors.
- Fold up handle.
- Hose storage rack.

#### SUPPLY AND DELIVERY

- Heavy duty pressure gauge
- Galvanised hose storage rack with 10m double wire HP Hose
- Size: 136 x 62 x 89 cm
- Weight: 110kg

**RANGE** Rental Spec.  
**HONDA PETROL** 13 HP Recoil Start – Cold  
**2600-3000 PSI** (3625 PSI pump)  
**18 LPM** Flow

**SPECIALISED BUILDS**

# CUSTOM BUILDS

**THOROUGH CLEAN**  
WATER BLASTERS Over-engineered — On purpose

## D24M-43H-TDP BUILT FOR MOOLARBEN COAL

**RANGE** Mine Spec - Special Build  
**2 X KOHLER DIESEL** 24 HP - Electric Start - **Hot**  
**1 X YANMAR DIESEL** 6.7hp - Electric Start  
**3000 – 3600 PSI** (4350 PSI pump)  
**22 LPM** Flow

### MOTOR AND PUMP

- 2 x D24M-43H-SKID
- Kohler diesel units with super heavy duty horizontal boilers
- **HAWK** XLT2230 Triplex pump with brass head and ceramic pistons
- 1 x D7R-1.7
- Yanmar L70N diesel electric start engine
- Davey fire fighting pump with twin impellers. self priming
- 1 x Ezyfoamer system

### FRAME

- Galvanised heavy duty dual axle trailer
- 2 x High pressure hose and reel, 1 x low pressure fire fighting hose and reel, 1 x Ezyfoamer hose and reel setup
- Heavy Duty canopy with solar panel
- Easy access control panel
- Emergency stop buttons on both sides of the trailer
- Heavy duty toolbox
- 5 stabilising legs and 4 wheel chocks
- Aluminium battery box and batteries for solar panels to power the LED worklights
- 2 x fire extinguishers
- Fold away ladders for easy access up to the platform

### SUPPLY AND DELIVERY

- Water supply is from onboard 2000l water tank
- Weight: 3860kg

**CUSTOM BUILDS**

## D24M-43C-SKID

RANGE Special Build  
**KOHLER DIESEL** 24 HP  
**3000 PSI**  
**22 LPM** Flow

### MOTOR AND PUMP

- Kohler 24 HP electric start air-cooled diesel engine
- **HAWK** XLT2230 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- *LubeBuddy* - An extra oil tank to keep pump well lubricated

### FRAME

- Fully hot dipped galvanised steel frame
- Forklift lifting point welded to the skid frame
- Certified lifting lugs
- Air intake Chalmers valve installed to shut down engine in case of emergency

### SUPPLY AND DELIVERY

- Water supply is via an over-sized industrial water filter to protect the pump from water line debris.
- Stainless steel water break tank with float switch to shut motor down on low water supply - protects pump against cavitation & dry running - extending pump life.
- Heavy duty glycerine filled pressure gauge rated to 10,000 PSI.
- Heavy duty galvanized hose reel (Lockable during travel)
- 30m R2 thick wall 3/8" HP Hose Rated to 5000 PSI.
- Hose end sleeved for operator protection.
- Italian made dry gun 900mm insulated stainless steel lance.
- Stainless steel fan nozzle

## D225-CAT7-TD

RANGE Special Build  
**CAT7 DIESEL** - Supplied by customer

### MOTOR AND PUMP

- CATERPILLAR CAT7 Diesel engine - supplied by customer
- Pioneer PP64C17 Pump - supplied by customer

### FRAME

- Galvanised heavy duty dual axle trailer
- Heavy duty canopy
- Solar panels on canopy
- 3 x stabilising legs
- Bunded fuel tank
- LED worklights powered from the solar panel located on the roof
- Heavy duty toolbox
- Spare wheel
- Fire extinguisher
- Breakaway system
- High vis tape all round
- Wheel nut indicators

## D32M-72C-TD

### HIGH FLOW COLD WATER CLEANER

### BUILT FOR NEWCREST MINE

**RANGE** Mine Spec  
**PERKINS DIESEL** 32 HP Electric Start – Cold  
**5000 PSI** (7250 PSI pump)  
**30 LPM** Flow

#### MOTOR AND PUMP

- Perkins 32 HP electric start water-cooled diesel engine
- **HAWK** HHP30S Triplex Pump with brass head & ceramic pistons
- Extra slow speed pump, belt driven at 1000 RPM
- Extra oil tank to keep pump well lubricated

#### FRAME

- Heavy Duty 4x4 style, fully hot dipped galvanised trailer, with roll frame
- Land Cruiser style wheels on dual 2.6-ton axles with spare wheel
- Electric disc brakes with automatic break-away system and with manual hand brake
- LED side clearance lights
- 2 x LED work spot lights & Amber warning light
- Engine vibration mounted on separate sub-frame
- Control box with hour meter & E-stop
- 2200 litre, red poly water tank
- Pintle ring, wind-down legs, tool box, mounted jerry-cans

#### SUPPLY AND DELIVERY

- Double water intake to pump with extra large dual filters
- Fitted with low water level auto shutdown
- Pneumatic accumulator to prevent pressure spikes & water hammering
- 2 x Heavy duty, galvanised hose reels with 50m double wire HP hose each
- **MINE Spec Compliant**
- Size: 480 x 187 x 200 (cm)
- Weight: 1,100kg

## E60-4100C

### TUNNEL BORER

**RANGE** Special Build  
**ELECTRIC** 60 HP (45kW) 415 Volt – Cold  
**4000 PSI** @ 80 Amp draw  
**80 LPM** Flow – (4100 PSI pump)

#### MOTOR AND PUMP

- WEG Heavy Duty, Mine Spec, class 'H' wound, three-phase electric motor
- **HAWK** HFR80 Triplex Pump with brass head & ceramic pistons
- Extra Low speed pump at 1000 RPM
- Extra oil tank to keep pump well lubricated
- Electronic Soft starter, in stainless steel control box

#### FRAME

- Fully hot dipped galvanised steel frame
- Vibration mounted stainless steel control box with hour meter

#### SUPPLY AND DELIVERY

- Extra-large industrial water filter
- Pneumatic accumulator to prevent pressure spikes & water hammering
- Timed by-pass auto shutdown when not in use.
- Soft acting by-pass valve
- Heavy duty, galvanised hose reel with 50m double wire HP hose
- Size: 144 x 81 x 137 (cm)
- Weight: 650kg

## D10M-36H-TD DEGREASING TRAILER FOR BHP

**RANGE** Mine Spec  
**KOHLER DIESEL** 10 HP – Electric Start – **Hot**  
**3000 PSI** (3625 PSI pump)  
**15 LPM** Flow

### MOTOR AND PUMP

- Kohler 10.3 HP electric start air-cooled diesel engine
- **HAWK** NPM1525R Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM with 2:1 gearbox
- Extra oil tank to keep pump well lubricated

### BOILER / BURNER

- Vertical boiler with ½" mild steel coils, set to **70°C**
- Stainless steel fuel tank to boiler (23 litres)

### FRAME

- Heavy Duty 4x4 style, fully hot dipped galvanised trailer
- Land Cruiser style wheels on dual 2.6-ton axles with spare wheel
- Electric disc brakes with automatic break-away system and with manual hand brake
- LED side clearance lights
- 2 x LED work spot lights & Amber warning light
- Engine vibration mounted on separate sub-frame
- Stainless steel control box with hour meter & E-stop
- 2000 litre, poly water tank + 600 litre chemical tank

### SUPPLY AND DELIVERY

- Double water intake to pump with dual filters
- Fitted with low water level auto shutdown
- 2 x Heavy duty, galvanised hose reel with 50m double wire HP hose each
- **MINE Spec Compliant**
- Size: 480 x 187 x 200 (cm)
- Weight: 1,200kg

## BUNDED FIRE FIGHTING TRAILER

**RANGE** Fire Fighting Trailer  
**YANMAR DIESEL** 6.7 HP – Electric Start  
**165 PSI** Pump (1135 kPa)  
**400 LPM** Flow

### MOTOR AND PUMP

- YANMAR L70N diesel, electric start engine
- DAVEY Fire Fighting Pump with twin impellers, self-priming

### FRAME

- Heavy Duty 4x4 style, fully hot dipped galvanised trailer
- Fully banded tank
- Land Cruiser style wheels on dual 2.6-ton axles with spare wheel
- Electric disk brakes with automatic break-away system and with manual hand brake
- LED side clearance lights
- Engine vibration mounted on separate sub-frame
- Stainless steel control box with hour meter & E-stop
- 2000 litre, poly water tank
- Solar battery charger
- LED working lights and LED warning light

### SUPPLY AND DELIVERY

- 5 meters 1½" pool/dam suction hose, with strainer
- Heavy duty, galvanised hose reel with 30m AS Certified fire fighting hose
- **MINE Spec Compliant**
- Size: 470 x 187 x 200 (cm)
- Weight: 1,100kg

### MINE SPEC FEATURES:

- Emergency-stop
- Exhaust spark arrestor
- Engine drip tray
- 2kg Fire extinguisher
- High Vis tape all round
- Wheel nut indicators
- Wheel chocks mounted
- Lockable battery isolator
- Starter motor isolator
- Covered battery terminals
- Double wire insulation

# P20R-43H-SKID TAMPER PROOF

**RANGE** Rental Spec  
**HONDA PETROL** 20 HP – Electric Start  
**3500 PSI** [4350 PSI Pump]  
**22 LPM** Flow

## MOTOR AND PUMP

- Genuine Honda GX630 electric start engine
- Close Coupled direct drive via 2:1 gearbox
- **HAWK** XLT2230 Triplex Pump rated at 4350 PSI max @ 22 LPM.
- The pump is de-rated\*\*to 3000 - 3600 PSI to prolong pump life.
- Ceramic sleeved, stainless steel piston plunger rods and brass pump head.
- LubeBuddy - An extra oil tank to keep pump well lubricated
- Low speed pump at 1450 RPM

## FRAME

- Fully hot dipped galvanised steel frame.
- Stainless steel control box with hour meter & E-stop
- Tamper proof enclosed sheeting around frame to stop unauthorized alterations
- easy access to start/ stop buttons
- easy access to clean water filters

## SUPPLY AND DELIVERY

- Heavy duty galvanized hose reel
- 30m R2 thick wall 3/8" HP Hose

# E30M-72C

**RANGE** Mine Spec.  
**ELECTRIC** 30 HP (22kW) 415 Volt – Cold  
**7000 PSI** @ 42 Amp draw  
**15 LPM** Flow – (7250 PSI pump)

## MOTOR AND PUMP

- Italian Heavy Duty, class 'H' wound, three-phase electric motor
- **HAWK** PX1550 Triplex Pump with brass head & ceramic pistons
- Low speed pump at 1450 RPM
- Electric soft starter, in stainless steel control box
- Timed shutdown
- *LubeBuddy* - An extra oil tank to keep pump well lubricated

## FRAME

- Fully hot dipped galvanised steel frame
- Extra-large 'flat free' wheels for easy rolling over uneven surfaces

## SUPPLY AND DELIVERY

- Large frame mounted industrial water filter
- Stainless steel water break tank, fitted with low water level auto shutdown
- Pneumatic accumulator to prevent pressure spikes & water hammering
- Built-in heavy duty, galvanised hose reel with 30m double wire HP hose
- Soft acting, frame mounted by-pass valve
- Thermoshield auto water dump valve
- Stainless steel lance with professional gun
- Size: 125 x 85 x 95 (cm)
- Weight: 270kg

# HOSE REELS

**THOROUGHCLEAN**  
WATER BLASTERS Over-engineered — On purpose

## SMALL HOSE REELS

### 15M BLACK HOSE REEL

3000 PSI rated, suitable for R1 3/8" non skived hose. (10 m spool)

PRODUCT CODE TRHC3688

**\$180** +GST

### 50M BLACK HOSE REEL

3000 PSI rated, suitable for 3/8" hose. (20 m spool)

PRODUCT CODE TRHC5180

**\$240** +GST

### RETRACTABLE HOSE REEL

3000 PSI rated, suitable for 3/8" hose. Automatic retracting hose reel. (15 m spool)

PRODUCT CODE TRHC5181

**\$380** +GST

# BARE REMOTE REELS – STANDARD

## 4000 PSI WALL MOUNT REEL BARE

With 4000 PSI Reel Swivel, A-Frame & L-Wall Bracket. (50 m spool)

PRODUCT CODE TRHC5020

\$650 +GST

## 7000 PSI WALL MOUNT REEL BARE

With 7000 PSI Reel Swivel, A-Frame & L-Wall Bracket. (50 m spool)

PRODUCT CODE TRHC5021

\$910 +GST

## 4000 PSI FLOOR MOUNT REEL BARE

With 4000 PSI Reel Swivel, A-Frame, & Galvanised Stand & bolt-down legs. (50 m spool)

PRODUCT CODE TRHC5022

\$865 +GST

## 7000 PSI FLOOR MOUNT REEL BARE

With 7000 PSI Reel Swivel, A-Frame, & Galvanised Stand & bolt-down legs. (50 m spool)

PRODUCT CODE TRHC5023

\$1,125 +GST

# COMPLETE REMOTE REELS

## 4000 PSI WALL MOUNT REEL COMPLETE

With 4000 PSI Reel Swivel, 30m of 5000 PSI hose, 5650 PSI gun swivel, 4000 PSI gun, Stainless Steel Lance & Nozzle + L-Wall Bracket

PRODUCT CODE TRHC5030

\$1,165 +GST

## 4000 PSI FLOOR MOUNT REEL COMPLETE

With 4000 PSI Reel Swivel, 30m of 5000 PSI hose, 5650 PSI hose swivel, 4000 PSI gun, Stainless Steel Lance & Nozzle on a Galvanised stand with bolt-down legs

PRODUCT CODE TRHC5032

\$1,385 +GST

# PORTABLE HOSE REELS

## HOSE REEL TROLLEY

A Galvanised Hose Reel Trolley to suit any of the "Wall Mount" Reels, including bare reels and complete reels with hose lengths up to 120 meters.

PRODUCT CODE TRHC4618

SHOWN WITH HOSE REELS

## HOW TO FIND THE CORRECT NOZZLE SIZE

- 1) Find the closest pressure (in PSI or BAR) to your machine's set up pressure
- 2) Go vertically down the column to find the closest flow (in litres / min) to your machine
- 3) Go horizontally across to determine the nozzle size

Eg: A machine running at **3000 PSI** and **15 LPM** would use a **045 nozzle**

**0° PENCIL JET**  
Cutting nozzle. It delivers a concentrated stream that can gouge or cut stubborn stains from concrete and other hard surfaces.

**15° FAN / CHISEL JET**  
Chiseling nozzle. Working at a 45° angle, this nozzle works like a scraper, stripping paint, grease and grime from hard surfaces.

**25° & 40° FAN / WASH JET**  
Wash nozzle. Its wide spray allows you to wash and rinse a large area fast. It is usually safe with most surfaces, including aluminium sliding, windows and vehicles.

## STAINLESS STEEL HOSE CLAMPS

### STANDARD CLAMP

This high grade stainless clamp is a heavy duty clamp that features a firm band and as it is the ideal fastener for connection of hoses and pipes, it is suitable for equipping in automobiles, trucks and other heavy duty equipment. These are the same clamps used within our own machines. All are non-perforated so they won't cut into the hose.

<b>Internal finish</b> Non-Perforated		<b>Band Material</b> 304 Stainless Steel	
<b>Diameter Range</b>	<b>Band Width</b>	<b>Product Code</b>	<b>Price</b>
12 - 22mm	9mm	TRHC0555	\$1.10 +GST
16 - 27mm	12mm	TRHC0558	\$1.60 +GST
